

#LVRoundtable

LatentView Twelfth Analytics Roundtable

Feb
07

San Francisco, 2020

The roadmap to optimal analytics maturity

 **Date:** Feb 7, 2020  **Time:** 09.30 a.m. – 02.30 p.m.

 **Venue:** The Four Seasons, San Francisco

The focus of this roundtable is to discuss the **key factors that determine optimal analytics maturity** - understand real-world examples of how data has become a principal priority to produce insights, challenges of creating an insights-based culture, how to map the current analytics maturity of your organization and identify steps needed to go to the next level.

These by-invitation events are just the right size to facilitate open discussions that ensure all participants leave feeling more prepared for the digital future. Join top industry minds at the roundtable and share challenges and best practices with pioneers in the analytics field.

Speakers include:

Glenn Fodor
SVP, Competitive Intelligence,
First Data Corporation

Prahalad Thota
